Greetings!

Scholastic Photography is excited to make the following announcements:

Congratulations to Nancy Feldmann and Dave Pearson on a well-deserved retirement! Along with the late Bill Caster, Nancy and Dave co-founded Scholastic Photography in 1972. Together they built a caring business that provides outstanding service as they place the well-being of their staff and customers at the forefront. Nancy and Dave are leaving a legacy of great work ethic and kindness in excellent hands.

Congratulations to our new owners, Tina Bundy and Kyle Dodd! We are thrilled to have a couple of seasoned pros from within the company taking the reins. Working dual responsibility, Tina has been both the head of our sports department and out in our schools as a photographer for eighteen years. In addition to having the good fortune of enjoying our beloved Bill Caster as a grandfather, Kyle has been a sales representative and photographer for eleven years. Both Tina and Kyle are eager to provide the same care and personal touch that is synonymous with Scholastic Photography.

Finally, we are thrilled to reveal our new name as SCH Photo! While the name SCH Photo is not much different from Scholastic Photography, we assure you that our incredible staff, service and photography remain the same. Our attention to your needs is our number one priority.

This coming school year might bring new challenges for each of you. We want to ensure pictures are not one of those challenges. SCH Photo is here for you.

Looking forward to seeing you again this coming school season!
